

## *Won Case 4*

Armine Khudoyan, being the head of the Ejmiatsin Civil Status Acts Registration Agency, was dismissed from her job by the Major of the Etchmiadzin community on the grounds that she was not in compliance with the job description requirements when she was assigned to work while Khudoyan fully complied with the requirements of his job description. Armine Khudoyan's infringed rights defense was undertaken **by advocate Karen Hovhannisyan (license no. 1212)** who litigated unreasonableness of administrative act of the Major through lodging wrongful dismissal claim to the Administrative Court seeking to state local self-government body's order null and void and to restore the person to his former job. **The Administrative Court of the Republic of Armenia on 26.06.2019 Case No. VD / 8812/05/18 satisfied a lawsuit, stating the order of Ejmiatsin Community Major null and void and recovering Armine Khudoyan in her previous job.**

*As a result, Armine Khudoyan will be recovered in her former job, compensation for forced downtime will be confiscated in favor of her for the whole non-working period and the employee's violated rights will be restored.*
